

## TOTP - Time-based One-Time Password

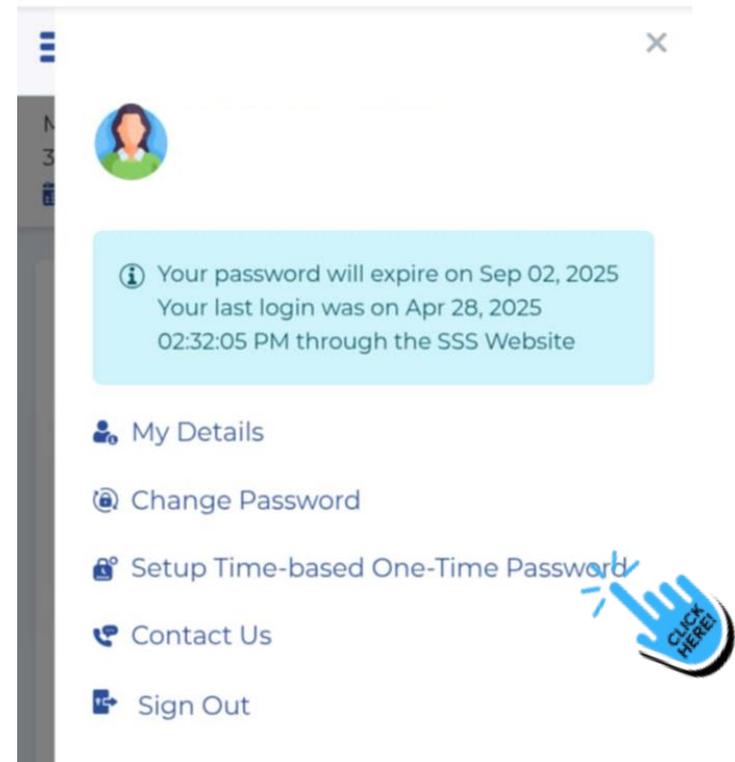

1. Mag download ng “**Google Authenticator**” sa iyong cellphone.

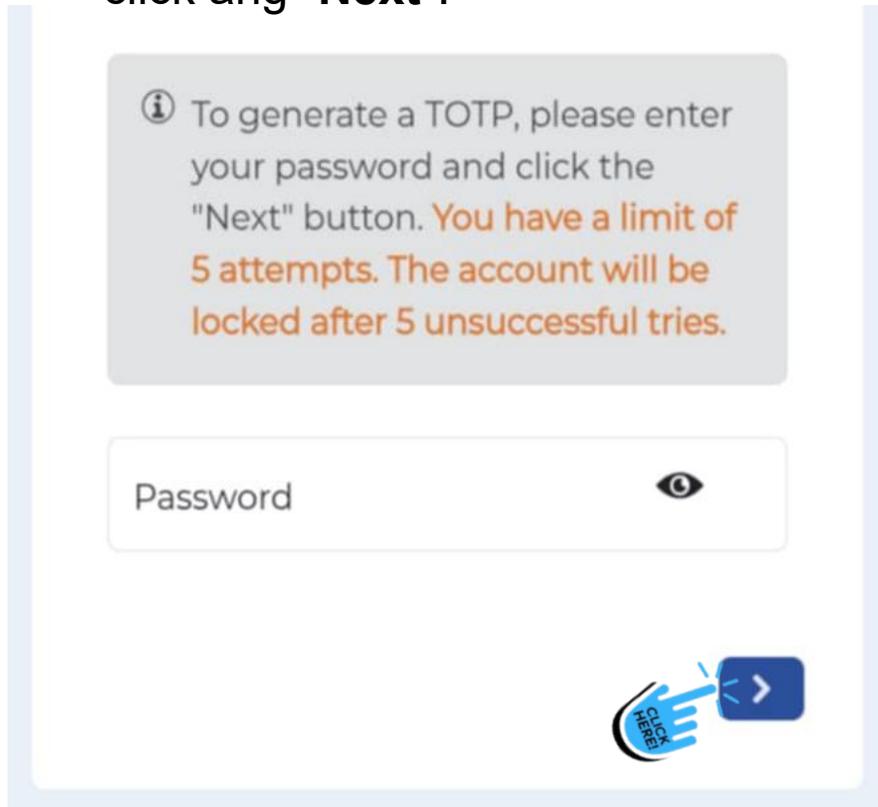

2. I-click ang iyong larawan sa kanang bahagi at i-click ang “**Profile Icon**”

3. I-click ang “**Setup Time-based One-Time Password**”.

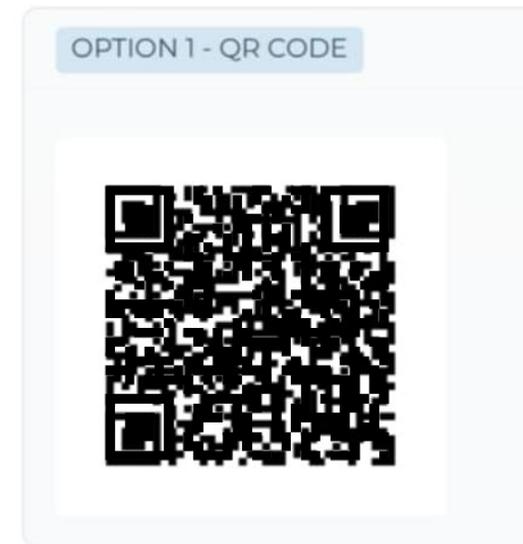

4. Mag-scroll pataas at i-encode muli ang iyong password, pagkatapos ay i-click ang **“Next”**.

**PAALALA:** Siguraduhing ma-screenshot o makuhanan ng litrato ang lalabas na QR Code.

5. Buksan ang iyong Google Authenticator app. I-click ang **“Add code”** at i-click ang **“Scan a QR code”**. I-scan ang QR code mula sa iyong SSS account.

6. I-encode ang numero/code na lalabas mula sa Google Authenticator.

**PAALALA:** Siguraduhing mai-encode ang code bago matapos ang oras na makikita sa kanan.

609 380

Enter the 6-digit One Time Pin generated by the Authenticator app.  
**You have a limit of 5 attempts. The account will be locked after 5 unsuccessful tries.**

7. Pagkatapos, i-click ang “**Next**” at makikita mo ang mensaheng gumagana na ang iyong Time-based One-Time Password (TOTP) feature sa iyong My.SSS account.

A light green rounded rectangular box with a white checkmark icon at the top left. The text inside is in a dark green font. The box is flanked by two vertical light blue bars on either side.

✓ You have successfully enabled the TOTP feature of your My.SSS account. Should you need to reset it, kindly email [ussaptayo@sss.gov.ph](mailto:ussaptayo@sss.gov.ph).
